## PENINSULA CITIES PLAN ACQUISITION OF CALAVERAS SYSTEM

### Opposition to Proposal Is Growing in South County.

Acquisition of San Francisco's water rights in the waters of Alameda creek, the Calaveras reservoir and the watershed in southern Alameda county is this week being considered by the peninsula division of the League of California Municipalities.

Planning heretofore to purchase water from the new Hetch-Hetchy line, the peninsula towns have been informed by Lewis Byington, president of San Francisco public utilities commission, that the city will have "no use for the Calaveras reservoir" at the completion of the Hetch-Hetchy, and that the Alameda county system is purchasable.

Opposition to this proposition is growing in Washington township and surrounding area, which has suffered a falling water table ever since the Calaveras system was constructed. It is hoped that the system would revert to the water district here by virtue of the recapture clause and investigations are being made into the feasibility of repurchase of the right for this district.

The fact that the Calaveras system is a complete one, capable of serving other centers to the continued detriment of this region, will make the controversy a heated one, it is thought.

San Francisco will "have no further use for the Calaveras project," was Byington's statement, and other municipalities across the bay, in a favorable position to secure Hetch-Hetchy water from the city of San Francisco, prefer to acquire the Calaveras system. Residents of Washington township view the proposition with growing dismay.

## NILES BOY SCOUT TROOPS MERGE IN UNIFIED GROUP

Word from Boy Scout officials this week tells of the merging of Troop 1 and Troop 2 into a single troop which will be designated as Troop 2. The amalgamation was suggested last Thursday night and will take effect the first of the year.

All boys over 15 years of age in either of the original troops may either enter Troop 2 or join a sea scout unit to be formed under the direction of Morrison Green. Boys under 15 will join Troop 2.

Troop committees, each having been a separate directing unit heretofore, will function as a single body. It is thought that the merger will make for a more harmonious spirit among the boys.

## MEN'S CLUB XMAS JINKS TONIGHT AT VETERAN'S BUILDING

Turkey Dinner Prepared  
By Veterans of  
Legion Post.

Hours of fine entertainment and a delicious turkey dinner are promised tonight when the Men's Club of Washington Township meets for its annual Christmas Jinks at the Veterans' Memorial building in Niles.

Stated as the final meet of the year 1933, tonight's affair bids to be one long remembered by the club members. More than 100 are expected to attend, according to word from Allen G. Norris, the president.

Famed for their culinary skill, members of the American Legion Post 195 will prepare the turkey feast.

Entertainment for the evening is in the able hands of Carl Bowman, head of the dramatics class of the Washington Union High school night school. Bowman promises an exceptionally complete program, some of the entertainment being a stringed trio, baritone soloist, entertainers at piano with dancers and singers, interpretive and costume dances and community singing.

Ever one of the most popular clubs in Alameda county, the Men's club has become famous for its entertainments. Dinner will be served at 6:45 p. m.

## COUNTRY CLUB TO MEET AGAIN ON JANUARY 9

Further comment on the excellence of the Country Club play, "Cousin Terry," presented last Tuesday by the Dramatics section of the club, was heard this week. Mrs. Barton Webb, authoress of the play and its director, has been receiving the commendation of club members. Her assistant, Mrs. T. Maloney, was also congratulated.

During the business meeting preceding the play last week, the next meeting of the club was discussed and deferred from January 2 to January 9, because of the proximity of the former date to the holiday season.

Mrs. Roland Bendel and Mrs. J. E. Townsend will be in charge of the program, which gives promise of being a very interesting one, members aver.

J. Griffiths, advertising man, left Niles Thursday for a few days' trip to Modesto.

## DEFEAT FORECAST FOR WATER PROJECT IN WASHINGTON TOWNSHIP

### Speakers Laud, Condemn Proposition At Tax Meet

Slashing each other with pointed thrusts and nicely timed insinuations, C. M. Walters, for the affirmative, and Paul Russell and Frank Swett in the negative, Monday night waged a verbal battle on the question of the Central Valley Water Project before several hundred members of the Washington Township Taxpayers' League at the Centerville high school. Applause and comment at the meet points to the defeat of the measure in this district, at the special poll on December 19th.

Following President George C. Roeding's short, terse statements to the effect that taxes are still reducible, Supervisor Ralph V. Richmond addressed the assemblage on relief work and Civic Works Administration projects in the southern part of the county. Richmond commented briefly on the necessity of a new county court house and voiced his support of the project. He stated that the Federal government had approved the work and will advance 30 per cent or \$462,000 toward the construction. Richmond said the coming ballot will decide on the location of the new

structure. He urged the selection of one of the new sites.

Richmond spoke at some length on current unemployment relief in the county. He said that the relief rolls have been cut in half by Civic Works Administration activities in the last few months. Among local projects recently approved, is the rehabilitation of the entire Washington Union High school grounds and the construction of two playing fields. Richmond said twenty-five men will be employed at the high school for a period of two months.

Speakers on the water project were well qualified to support their contentions. Walters, in favor of the project, is a well known Oakland attorney. Russell, one of the negative speakers, is chairman of the Alameda County Tax Reduction League. Frank Swett, the other, is president of the Pear Growers' Association, and prominent in financial and agricultural circles of the state.

Among local people who voiced their approval or disapproval at Monday night's meeting were Mrs. James Whipple, who pleaded for the conservation of the state's greatest asset—water—and Manuel Oliveria, who refuted a statement by one of the speakers that overproduction was the basis of the farmers' economic ills.

### COUNCIL MEETS.

Members of Niles Council No. 79 of the S. P. R. S. I met December 3 in the I. O. O. F. hall. They received a visit from Mrs. M. F. George, district deputy. She was accompanied by Miss Anne Bettencourt, Mrs. Bettencourt, Mrs. Calderia, Mrs. Oliveria and Mrs. Silva, all of Centerville.

Mrs. Florence Hudson left last week for Auburn, where she will stay with her daughter for an indefinite period.

## MRS. MARY P. ROSE CALLED BY DEATH SATURDAY MORNING

Young Woman Succumbs  
After Brief Attack  
of Scarlet Fever.

Centerville residents were shocked last Saturday morning to hear of the sudden death of Mrs. Mary P. Rose, young Centerville woman, after a short attack of scarlet fever. Mrs. Rose, who recently became a mother, was stricken after she had successfully nursed her husband, Manuel E. Rose, through an attack of the malady. Mrs. Rose passed away at 3 o'clock Saturday morning.

Mrs. Rose was the daughter of Mr. and Mrs. Manuel W. Silva, of La Honda. Mrs. Rose was a native of that place. She came to Centerville after her marriage to Rose, a well-known carpenter of the local district.

Besides her husband, Mrs. Rose is survived by two children, Eleanor and Milton Rose.

Funeral was held Saturday afternoon at 3:30 o'clock from the Chapel of the Palms, after services there by the Rev. Father Souza. Interment was in Holy Cross cemetery.

## SHRINE CLUB PLANS SOCIAL AFFAIRS FOR DECEMBER

Three outstanding affairs in the near future will find places in the social calendar of members of the Southern Alameda county Shrine club, according to a statement by Ralph V. Richmond, new president of that organization.

On Wednesday night, December 20 the Shriners will entertain all the leading college coaches on the coast at a meet at the Alhambra Temple. Bill Corbus, Stanford All American guard will be guest of honor.

Saturday night, December 23, at the Athens Athletic club in Oakland, the Shriners will hold a dinner dance honoring the eastern football players, who will come to the coast for the Charity game on New Years Day. A formal dinner is slated for the Hotel Oakland on December 29.

Under Judge Richmond's leadership, the Southern Alameda County Shrine club plans meets at Centerville, Pleasanton, Livermore and other southern county cities soon. Richmond was recently elected head of the club as successor to Ezra Decoto, former district attorney of Alameda county and a native of Decoto, Washington township.

## TRUCK WEDGED IN SUBWAY THURSDAY CAUSES COMMOTION

Apparently failing to heed signs warning high trucks of the low underpass south of Niles last Thursday morning, a large truck, bearing a gasoline crane, dashed into the subway, gave a few heaves and tugs and became securely stuck. The driver, whose name was not learned, was said to have stated that he was on his way from Nevada. The license plates on the truck verified this statement.

After considerable profanity and fruitless efforts to extricate the vehicle without raising the tracks above, the driver was about to give up, when Clarence Crane, resourceful garageman, suggested that the air be let out of the big tires. This was done and the truck was able to scrape out with an inch to spare.

## SPEAKER FLAYS WATER PROJECT IN ADDRESS BEFORE CIVIC GROUP

### "Dangerous Experiment" Says H. A. Frazer in Vivid Talk

"Do not entrust the expenditure of millions of dollars to those who have already plunged the state of California into such financial chaos" was one of the fervent pleas of Henry A. Frazer, secretary to Senator Breed in his talk against the Central Valley Water Project before the Niles Chamber of Commerce Monday. Contending that there is no definite assurance of Federal aid, or any gift of Federal money in sight, Frazer emphatically stated that the taxpayer of California would eventually have to face the task of paying for the proposed project.

In the beginning, Frazer stated that work to defeat the project was not facilitated by the presence of a slush fund, and that all those who are working against the plan are financed either by small groups or bear the expense themselves.

Frazer flayed propaganda now extant that the only enemies of the plan are the power corporations. He said that sensible taxpayers in all parts of the state realize the danger of such a huge expenditure at the present time.

Denouncing the bill as ambiguous in wording, Frazer maintained that the authority which will be a state board, will be performing a government function, and means the state will be responsible for completion of the project, contrary propaganda notwithstanding. The bill clearly states in section 16, Frazer said, that any state agency, fund, or other source of monies, may be drawn upon for contributions.

In telling details heretofore kept dark by proponents of the bill Frazer said that construction of the Kennett dam will necessitate the building of a new right of way for the Southern Pacific, to replace the one the waters of the lake will cover. He stated the cost of this rebuilding as \$9,000,000. In addition to this, Frazer said, \$11,000,000 more will have to be paid for power sites and mines below the proposed water line. All this must come out of the \$170,000,000 proposed. In speaking of the "flood control" necessary on the Sacramento river,

er, Frazer told of a \$50,000,000 control project recently completed by the Reclamation service, capable of handling three times the greatest flood ever occurring.

The "poverty stricken" industries of the delta region, Frazer stated, are among the most wealthy plants, run by famous capitalists and that their dearth of water could have been corrected long ago had they consented to buy from the east bay district at the time of its expansion. Likewise, Frazer stated, the farm lands of the delta region are owned and operated by huge land corporations, and farmed 100 per cent by oriental labor.

Warning the voter of the lure "cheap power," Frazer stated that even though power is delivered at a low rate at Antioch, a distribution system will cost \$50,000,000 by estimate of competent engineers.

In conclusion, Frazer again told of the \$31,000,000 deficit now facing the state, and urged the voters to fight free of any more bonds. With the tax payer in the balance, he called the project a "dangerous experiment."

Previous to Frazer's address, the Chamber voted to decorate and light the Niles Xmas tree before the week is over.

Bill Helm made a brief report on the ball game Sunday.

W. B. Kirk was accompanied by two guests at the meet Monday.

### Civil Examination For Postmastership Soon

An announcement this week by Howard V. Fournier, acting postmaster, tells of civil service examinations for postmasterships to be held soon. Fournier said that December 29 was set for the final date on which applications may be filed with the commission. Among the post offices to be filled is Niles, with a salary of \$2300. Fournier says that applications may be obtained at the postoffice.

## HIGH SCHOOL CWA PROJECT APPROVED; WORK STARTS SOON

25 Men to Be Given Federal  
Work at Cent.  
School Grounds

According to a statement by Ralph V. Richmond this week, work will soon begin on recently approved Civil Works Administration project at the Washington Union High school at Centerville. Twenty-five men will be employed at the school for a period of two months, Richmond said.

Work will consist of general rehabilitation of the entire high school grounds, including garden work, planting, and construction of playing fields. Workers, drawn from the local registration for the federal jobs, will work thirty hours a week, Richmond stated, and will be paid by the federal government.

Other local projects, slated to furnish work for numbers of men, are pending federal approval, according to Richmond.

## Y.L.I. PLANS JUNIOR LEAGUE FOR GIRLS AT NILES

Members of the Young Ladies Institute, of Niles this morning revealed plans for a Junior Y. L. I. Girls between the ages of 12 and 16 will be eligible to join, according to Mrs. Clarence Crane, chairman.

The youthful group will be organized as a social medium, with plans to branch out later into dramatics and possibly a glee club it is said.

At the Y. L. I. last Thursday, which was the occasion of the annual turkey whist, in the I. O. O. F. Hall, more than 70 people enjoyed cards and refreshments.

Among the visitors from Oakland, and other towns was past grand president, Anna Burgess, and also the East Bay District deputy, Marie Gilligan. Father O'Connor, new head of the Parish here also attended.

Activities planned for the near future include the Christmas party slated for December 21, at the I. O. O. F. Hall at 8:30 p. m. The Knights of Columbus will be entertained by the Young Ladies group that night.

Plans for a Study club are being worked out under the leadership of Miss Gertrude Keller

## AD PRECIPITATES XMAS RUSH FOR ROSE'S BICYCLES

SKEPTICS OF THE value of advertising should interview Miss Gladys Rose, of Niles, who this week sold the last bicycle in stock at the Rose garage. She avers that the Township Register had a lot to do with the successful Christmas rush.

As told to the scribe, the facts are these: When the recent rush for bicycles was being hailed as a permanent thing, Miss Rose purchased numbers of the two-wheeled devices, in hopes of working up a profitable rent-and-ride business. For a few months she did a rushing trade, but alas, the fad sickened and died, and Miss Rose, and the Rose garage, were littered with idle bicycles. Ever a keen business woman, Miss Rose waited until the Christmas season, wiped the dust off of her shining charges and put an ad in the Register. The ad was three inches long by a single column wide and cost less than a dollar. Miss Rose immediately sold twelve bicycles, at a total price of 250 times the cost of the ad.

Advertising does pay, Miss Rose avers.

# Here's Quickest, Simplest Way to Stop a Cold

- 1. Take 2 Bayer Aspirin Tablets.
- 2. Drink full glass of water. Repeat treatment in 2 hours.
- 3. If throat is sore, crush and dissolve 3 Bayer Aspirin Tablets in a half glass of water and gargle according to directions in box.

## Almost Instant Relief

### in this Way

The simple method pictured above is the way doctors throughout the world now treat colds.

It is recognized as the QUICK-EST, safest, surest way to treat a cold. For it will check an ordinary cold almost as fast as you caught it.

DOES NOT HARM THE HEART

Ask your doctor about this. And when you buy, see that you get the real BAYER Aspirin Tablets. They dissolve almost instantly. And thus work almost instantly when you take them. And for a gargle, Genuine BAYER Aspirin Tablets dissolve so completely they leave no irritating particles. Get a box or 12 tablets or a bottle of 24 or 100 at any drug store.

## Pleasanton Bible Class Has Election of Officers

Officers of the Fellowship Bible Class of the Pleasanton Presbyterian church were elected at a meeting held at the church parlors last Tuesday evening, according to word received from Mrs. Lon Ruppel, president.

The new staff consists of Mrs. Vivian Torrey, president; Mrs. Martha Frost, vice president Mrs. Robert Turner, treasurer; and Mrs. Carl Haas, secretary. They will be installed at a meeting to be held in January.

Members also made plans for a Xmas party to be held at the church on Monday evening, December 18, for the members and their husbands. The affair will also be in the nature of a farewell for Mr. and Mrs. Homer Allison, who will leave for Brentwood after the Christmas holidays to live, where Allison is employed.

All members are asked to bring a small gift not to exceed fifteen cents which will be exchanged on that evening. A Christmas tree will be had and a program is being arranged.

Economy in printing is penny wise and pound foolish.

## Pleasanton Health Center Releases November Report

## Federal Land Bank Making Many Loans

With the granting of a \$40,000 loan to the San Dimas Lemon Association, announced recently, the Berkeley Bank of Cooperatives rounded out \$464,000 of loan commitments during the two months of its existence. The San Dimas association, numbering 216 members with groves centering about the southern California town, required the loan for the purpose of constructing additional storage facilities.

Since its establishment August 29 this agency of the Farm Credit Administration designed to advance money to cooperative growing and marketing associations to increase physical facilities or for effective marketing, has materially assisted such organizations in California, Nevada, Utah and Arizona. Among major commitments were \$50,000 to the Community Grape Corporation of Lodi, California, \$80,000 to the Lindsay Orange Growers Association and \$200,000 to the Northwestern Turkey Growers Association of Salt Lake City.

Wheat farmers with an average annual acreage of 95 or more acres seeking Farm Credit Administration loans to finance production of spring wheat in 1934 must accede to wheat reduction stipulations of the Agricultural Adjustment Administration to be eligible for such loans. This means agreement to seed not more than 85 per cent of their annual acreage for a base period fixed by the A. A. A., according to advances received from Del Valle by Willard D. Ellis, general agent of the eleventh district, Farm Credit Administration.

This is the same policy followed with respect to loans made for planting winter wheat this fall.

**The Miser's Program**  
A miser is so called because he lives miserably for the sake of saving and increasing his hoard.

**Blood Pressure Range**  
A person's blood-pressure is 20 points higher when awake than when asleep.

Almost 250 chemical materials go into the making of a motor car.

**Salt as Money Standard**  
Salt was once the monetary standard.

## Applications Are Being Received for New Licenses

California motorists are shopping early for their 1934 license plates.

Records of the Department of Motor Vehicles show more than 10,000 applications are being received daily from all parts of the state by mail for the new orange and black plates.

The department is receiving applications by mail only at this time. Counter deliveries will not be made until January 2nd and thereafter.

However, motor vehicle owners who apply by mail will receive their plates as promptly as if they had applied directly and will save themselves the trouble and expense of a trip to a branch office of the department.

The department expects to fill more than a million orders for plates by mail shortly after the holidays. Shipment will be withheld until that time by agreement with the postal authorities to avoid a holiday mail congestion.

Plates will be mailed to the address shown on the certificate of registration sent in by the motorist when he mails his application. For that reason the department urges that care be taken by the applicant to see that his present address is the same as that appearing on the certificate. If he has moved he should print his new address on the certificate and cross out the old.

A fee of \$3.00 for passenger cars must accompany the certificate either by money order, bank draft or certified check. The sending of currency should be avoided. An additional charge of \$1.00 is made if the car must be transferred to another owner.

Motorists will not be required to produce evidence that they have paid the personal property tax on their vehicles as this new law does not become effective until the first Monday in March.

**Australian Tree 290 Feet High**  
What is probably the largest tree in the world outside of California, which was found near Healesville in Victoria, Australia, is nearly 290 feet high, and its girth of 62 feet can only be spanned by 15 persons with outstretched arms and clasped hands.

## Pleasanton Library Gives Report for November

One thousand two hundred three books were taken from the Pleasanton branch of the Alameda County Free Library by its subscribers during the month of November according to the monthly report released by Mrs. Abby L. Walker, librarian.

Of the above total 899 were from the juvenile department. One hundred four magazines were taken out. The leading classics in demand were philosophy, useful arts, travel, biology and history.

The total attendance for the month was 1312, eighteen of these being visitors. Twelve new applications were given out by Mrs. Walker.

## Pleasanton Legion at Turkey Shoot

Mrs. Roy Stevenson, a member of the Pleasanton American Legion Auxiliary, defeated Hans Jensen, representing the Pleasanton Junior Chamber of Commerce at a turkey shoot held recently at the American Legion rifle range near Pleasanton.

Jensen made an eight score and Mrs. Stevenson made a four and a bull's eye. In shoots held previously Jensen had defeated a representative of the Legion Post.

In shoots held in the past the Legion Post has always defeated the members of the Auxiliary which leads the Legion boys to believe that they can defeat the Junior Chamber of Commerce. However competition shoots will be arranged in the future.

## PLEASANTON MEN SIGN UP FOR COUNTY WORK

Forty-nine men of Pleasanton signed up for work on the Civil Work Administration when officials were stationed at the City Hall last Friday for the purpose of signing up those wishing to secure the work.

Just when this will start and where it will take place is not known. Orders will come from the Oakland headquarters as to when the men are wanted. Some of the work will be done in the city and other work will be done on county roads.

The purpose of the administration is to aid this unemployment situation. It is expected that the men will be put to work as soon as possible.

### Hard to Distinguish Hawks

It is difficult for the novice to distinguish between the various hawks as they sail overhead. Some are slow flyers and sail along leisurely looking for rodents, frogs and other ground inhabiting creatures, while others, like the sharp-shinned sparrow and Cooper's hawks, show remarkable speed on the wing and waste little time when they are after food.

## Hayward Farmers Defeat Amador Dons Wednesday

In a close and exciting game the Amador B Cagers were defeated by the Hayward B Farmers last Wednesday afternoon at the Amador gym, by a score of 23 to 19.

In the first half of the game the Dons went like wildfire and were leading at the end of the half by a score of 15 to 6.

However, during the second half they let down, due to the lack of substitutes to replace the tired Dons, and they let Hayward score seventeen points while they managed to make but two field goals.

The B Dons displayed some good floor work and several of the players made some good long shots.

The final score was Hayward 23 and Amador 19.

The starting lineup for Amador was Cintrone and Campagna, forwards; Paulo, c; and Shotwell and Mello, g.

Hayward's starting lineup was Hamilton and Key, f; Manson, c; Barini and Martin, g.

The Amador Varsity was defeated by the Hayward Farmers by a score of 48 to 12 in a game played

Wednesday afternoon at Amador. The Dons lack team work in this group and are also handicapped by a lack of sufficient substitutes. The Amador starting lineup was Dutra, and Hansen, f; Moller, c; Dolstra and Abrott, g. Substitutes were Bernard, Madsen, H. Kamp and Carey.

The Hayward starting lineup was Perry and O'Laughlin, f; Williamson, c; Baumann and Lindholm, g.

## Amador Honor Society Has Election of Officers

Officers of the Amador Valley high school honor society were elected at a meeting held recently.

Merle Kamp was elected president; Annette Giorgis, vice president; Eldora Perry, secretary-treasurer; Melva Madsen, chairman of program committee; and Roma Rodrigues, chairman of constitution committee.

## Pleasanton Schools Report Unusually Good Attendance

Attendance at the Amador Valley high school and of the Pleasanton grammar schools is above normal as classes resumed work Monday after a week's vacation over the Thanksgiving holiday, according to E. O. McCormick and V. Bernard Johnson, principal of the respective schools.

At the grammar school Johnson stated that there were but six absent this week as compared to about twenty absentees at this time of the year in the past. No flu epidemic has been felt at the schools this winter and not very many children are reported to be suffering from colds.

**Patents**  
The terms patent pending and patent applied for mean that an application for patent has been filed at the United States patent office, but the patent has not yet been granted. When the word patented is used it means that a patent has actually been granted.

**Use of Postage Stamps**  
The use of postage stamps, one of the great reforms advocated by Rowland Hill, was introduced into England through his efforts May 6, 1840. They began to be used in this country in 1847, being first placed on sale at New York July 1 of that year.

**First Steel Plow**  
The first steel plow was made by John Deere in 1831. It was found that in certain kinds of soil the plain steel plow did not scour satisfactorily, hence the invention of the chilled steel plow.

## MANUEL PINTO WEDS HAYWARD GIRL SATURDAY

The marriage of Manuel Pinto, of Alvarado, to Miss Eldora Duarte of Hayward took place on Saturday morning in the Hayward Catholic church.

The bride was dressed in white satin and a veil. Miss Dorothy Luna, of Decoto, was the maid of honor and Peter Pinto, brother of the groom, acted as best man.

The young couple motored north for their honeymoon. On their return they will live in the Astoria apartments in Alvarado.

Pinto has been employed at the local salt plant for a number of years.

## Interest Stirred Monday By Farmer's Grass Fire

What appeared to be a three-alarm fire to spectators on First street Monday afternoon, proved to be something far less interesting when an examination proved the blaze to be a grass and brush fire started on the hillside south of Niles by an enterprising farmer who was preparing his soil for the plow. Entirely surrounded by a swath of uncultivated ground the flames leaped merrily until they burned themselves out. Conjectures of the villagers as to whose home was burning proved entirely wrong.

## Drug Store Window Is Mysteriously Smashed

One of the smaller plate glass windows in the front of the J. C. Walton Pharmacy at Niles, was mysteriously shattered sometime Saturday night, prolonging the First street window breaking epidemic of late months.

All the breakings were accidental, some the result of automobiles crashing into store fronts.

Discovery of the broken pane was made Sunday morning. It is thought that someone accidentally tipped the tall scales in the drug store entrance then fled the scene. The damage was immediately repaired.

## MRS. ALICE ROGERS PASSES AFTER ILLNESS

Friends and relatives mourn the passing of Mrs. Alice Hughes on Monday evening after an illness of a few weeks.

The deceased was a former resident of Sacramento. She came here a year ago. She was a member of the Ladies' Aid Society and the Parent-Teachers' association.

She is survived by three daughters, Mrs. Laura Orelli, Alvarado grammar school teacher; Miss Hila Hughes, teacher in Arizona; Miss Mary Hughes, and a son, Leonard Hughes.

Interment was held on Wednesday morning in Peasat Valley in Eldorado county.

## DUTRA'S ALL-STAR GIRLS WALLOP SAN JOSE

Hitting a home run at the end of eight innings with the bases loaded, Irma Dutra, manager of Dutra's All Star Girl team of Irvington, broke the eight to eight tie and won the game for the Irvington girls, with the National Shoe Store Girls' team of San Jose at Irvington Sunday afternoon.

The game was very exciting from beginning to end with the teams having a tied score practically all through the game. The National Store girls gave the Dutra's All Star some strong competition.

Sunday afternoon the Dutra's All Stars will play a return game with this same team at San Jose, Sunday afternoon, December 24, the Irvington girls will play the Red and White Girls' team from San Jose.

Delinda Pimentel started at the mound for Irvington. She was relieved at the fourth inning by Manager Irma Dutra. Elsie Souza replaced H. Mendoza at rightfield at the beginning of the fifth inning.

## WARNING to EXPECTANT MOTHERS

If you have ever been a patient in any hospital, you are probably familiar with the advantages of a liquid laxative.

All doctors know the value of the laxative whose dose can be measured, and whose action can be controlled.

The public, too, is fast returning to the use of liquid laxatives. People have now learned that a properly prepared liquid laxative brings a perfect movement without discomfort at the time, or after. Dr. Caldwell's long experience with mothers and babies, and his remarkable record of nearly three thousand births without the loss of one mother or child, should give anybody complete confidence in

any prescription which he wrote. But most important of all, a gentle liquid laxative does not cause bowel strain to the most delicate system, and this is of the utmost importance to expectant mothers and to every child.

Expectant mothers are urged to try gentle regulation of bowels with Dr. Caldwell's Syrup Pepsin. It is a delightful testing laxative of delightful action, made of fresh herbs, pure pepsin and active senna. Not a single mineral drug to be absorbed by the system, or irritate the kidneys.

Dr. Caldwell's Syrup Pepsin is an approved preparation and kept ready for use by all druggists.

## FRANK MADRUGA IS RE-ELECTED FIRE OFFICIAL

Frank Madruga, of Centerville, was re-elected as second vice president of the Alameda County Firemen's association at a meeting held at the Hotel California in Emeryville last Thursday night. Other officers of the organization, elected the same evening are: Chief Walter Steinmetz, of Alameda, past president; Chief Bert Rose, of Emeryville, president; Chief Carl Ahlgren, of Albany, first vice president; Chief Martin, of San Leandro, third vice president; Marshall Kain Coppert, of Berkeley, secretary, and Battalion Chief Frank Sandy, of Oakland, treasurer.

Speakers at the meeting told interesting facts of the San Francisco fire of 1906 and told of precautions taken to prevent recurrence of the disaster. A complete entertainment followed. Clarence Crane, of the Niles department, was among those of this district who attended.

## UNCAPPED WELLS BELOW TIDE LEVEL ARE DISCOVERED

In an effort to discover some of the hitherto unknown sources of the salt water incursion in the subsurface graves in the Centerville and Newark districts, E. Richmond, water district manager, recently made a thorough inspection of the tide lands of Washington township. He made a discovery that may cure some of the existing seepage.

Richmond discovered six uncapped wells, evidently long abandoned, that are covered with salt water at high tide. He is of the opinion that large quantities of sea water find their way into the upper gravel layers several times daily through these wells. Plans for capping the wells are under way.

Farmers in the Centerville district view with alarm the increasing spread of the salt water beneath the valley. Many estimate that wells in Centerville will be useless next year unless the water table is substantially raised.

Miss Florence Frates, of San Leandro, visited her parents in Centerville Sunday.

## NATIVE SONS HOLD ANNIVERSARY MEET TUESDAY EVENING

### Twenty Neophytes Taken Into Parlor at Huge Ceremony.

Meeting on the occasion of the 43rd anniversary of the founding of Washington Parlor, the Centerville Native Sons Tuesday night initiated twenty new members of the organization, at one of the largest and most important gatherings of the organization ever held in Washington township. Following the initiation ceremonies, which were conducted by officers of the Fruitvale Parlor No. 432, a birthday supper was held in the dining hall of the El Lido. Judge Allen G. Norris was toastmaster. P. T. Dusterberry served as presiding officer and welcomed illustrious members of the organization who were on hand to participate in the evening's festivities.

Grand President Judge Emmett Sewell of the Superior Court was the main speaker of the affair. Among the grand officers of the order who attended were: Grand Secretary J. T. Regan, Grand Treasurer J. M. Corotto, Past Grand President, Thomas Monahan, of San Jose; Grand Trustee E. T. Schnarr, of Oakland, Charles Spengamen, of San Francisco, and Grand Marshall Gam Hurst, of Oakland.

## Itinerant Found Ill Near Booth Cannery

Found suffering from a serious heart ailment Sunday afternoon, Walter Patterson, 34, itinerant, was rushed to the Claremont hospital in the Chapel of Palms ambulance. He is not expected to recover, according to reports.

Patterson was discovered beneath a platform at the P. E. Booth cannery by Everett Gaunt, of Centerville, who immediately notified the Chapel of Palms. Patterson was in great pain, and failed to respond to stimulants given him upon arrival at the hospital.

## KNIGHTS OF PYTHIAS HOSTS AT LARGE GATHERING

One of the largest fraternal gatherings ever assembled in Centerville was held at a meeting of the Centerville Lodge No. 170, Knights of Pythias last Thursday night. The occasion was the 43rd anniversary of the institution of the lodge.

Among representatives of all lodges in the east bay there were in attendance the following: Grand Keeper of Records and Seal Harry A. Thayer, Ritualistic Inspector George Marsh and Grand Lecturer Dr. A. E. Byron.

The Knight rank was conferred by a selected team from the district. After the lodge meeting the district convention was held, which was presided over by District Deputy James Jameson, of Oakland. At the conclusion of the evening the Centerville lodge was host at a banquet.

## FAKE FIRE ALARM NETS NEWARK YOUTH

A Newark youth, whose name was withheld by authorities, Monday was hailed before Judge Allen G. Norris by irate Centerville firemen and charged with malicious mischief and the grave action of blowing the Centerville fire siren for the fun of seeing the firemen in hasty action, it is said.

Aroused from their evening activities by the blare of the siren at 8:00 p. m. Sunday, Chief Fred Rogers and Assistant Chief Frank Madruga hastily donned their fire fighting togs and rushed to the fire house. No one was on hand when they arrived to give the necessary directions to the supposed fire, so Rogers and Madruga suspected foul play. A glance down the street disclosed the culprit who was immediately seized. Found to be somewhat the worse for intoxicants, the prisoner stated that he was sure that the fire box contained the light switch for a mythical dance hall, which he did not like to see in darkness. When taken before Judge Norris Monday, the somewhat repentant sirener altered his statements and averred that he had mistaken the siren box for a cigarette vending machine, which had accepted his fifteen cents and given no cigarettes. In the ensuing shaking he gave the supposed machine his hand came in contact with the switch.

Placed on probation for 90 days and fined, the miscreant promised good behavior henceforth.

Centerville firemen say their sense of fun would not have lasted had the siren blown at 3:00 in the morning.

## Native Daughters' Xmas Tree Tomorrow Evening

Members of the Betty Ross Parlor 238 of the Native Daughters will entertain friends and kiddies tomorrow night at their annual Christmas tree party. Santa Claus will be there bag and baggage and games will take up a part of the evening. Refreshments and dancing will conclude the evening's festivities.

ATTENDS MEET.  
F. T. Dusterberry attended a meeting of Group Six of the California Bankers' association in Oakland Saturday. Following the meeting a banquet was held at the Hotel Oakland. Dr. Tully Knoles, president of the College of the Pacific, addressed the group on inflation.

SON IS BORN.  
Word was received this week that a son was born recently to Mr. and Mrs. H. Bettencourt, of Hayward. Mrs. Bettencourt was the former Miss Marie Silvera, of Centerville.

## MORE DEBT! MORE TAXES!

Charles A. Russell, representing the Alameda County Tax Reduction League, and former Irvington boy, who spoke against the \$170,000,000 State Water Bond Act before the Washington Township Taxpayers' League at the Washington High School Monday night, made the following statements:

"The proposed proposition No. 1 to be voted on December 19, 1933, can mean additional taxes in spite of all the proponents of the bill say to the contrary. Proof of this lies in the bill itself. Section 16 allows money to be taken from any State fund for building of this project and section 18 allows appropriations to be made out of the Treasury of the State of California toward this project.

"This means more taxes. Federal aid is in no way assured. In fact, it is very doubtful if this project will be regarded favorably by the Federal Government. It is contrary to the President's program, inasmuch as it does not furnish immediate work and increases farm production instead of cutting down farm production.

"The Chambers of Commerce of Oakland, Berkeley, San Francisco and the State Chamber of Commerce are on record against the bill as drawn.

The farmers of the Sacramento Valley are financing the fight against Proposition No. 1.

For these reasons Mr. Russell asks the voters of Washington Township to vote NO on Proposition No. 1 on December 19, 1933.

"No, children, Santa Claus does not mind cold weather."

"Just the same, Grandma, I think he likes our house because we have Natural Gas heating."

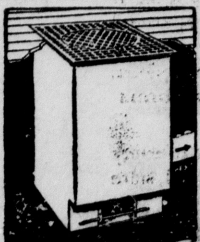

## Natural Gas

### Naturally THE BETTER FUEL

WHAT a problem weather changes make for the home with an old-fashioned heating system! In the morning the question as to whether the furnace or the fire should be started or not. Or just how big a fire should one make? Then, perhaps a good fire is started and the sun comes out and the house becomes unbearably warm. These things mean discomfort. They may cause winter colds in the head. They mean added work and fuel waste.

Indeed, in every way Natural Gas Heating is the most careful method of heating the home. Fuel is delivered automatically, and is always on hand. Uniform temperature is maintained within the home at all times regardless of outside weather.

Now about your home. Is it ready for changeable weather? Investigate Natural Gas Heating. It is reliable, it is healthful, it is inexpensive. Be comfortable this winter. Install Natural Gas Heating equipment now.

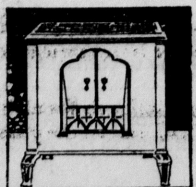

Floor Furnace

Solves the heating problem for homes without a basement. Highly praised by thousands. Saves floor space and is easy and most economical to install and operate.

## Circulating Heater

He received the injuries while on duty as a truck driver. The cause of the accident is yet unknown.

### GRAVEL MEET.

The Independent Gravel Producers of Northern Alameda county met here Tuesday evening and organized an association for a working code under the N. R. A. Dealers from Irvington who attended were O. N. Hirsch and Garcia Brothers.

### DISTRICT HEAD.

Thomas J. Power was elected president of the Thirteenth Assembly District Democratic league at the meeting held in Hayward last Tuesday evening.

Mrs. B. Couchman, of Escalon, is spending a week with her mother, Mrs. Irvine.

Mrs. O. N. Hirsch and Mrs. L. Sturtevant were visitors in San Jose last Tuesday.

Mrs. T. Braga, of Sunol, formerly Catherine Ramsell, of Irvington, is the mother of an eight-pound baby girl.

### CHRISTMAS PROGRAM.

The Irvington Grammar school will present its Christmas program Thursday evening, December 14, at Washington High school auditorium.

Robert Grot entertained relatives from Daly City over the week-end.

### POSTMASTER ASKS EARLY MAILING FOR CHRISTMAS

Acting Postmaster Howard V. Fournier, anticipating a bustling Christmas season in the post office, asks the Christmas shoppers and mailers of the local area, to get their packages and correspondence in as early as possible this year. Fournier stated that the final minute is always the worst, and is the time when packages are apt to be lost in the huge shuffle.

Fournier advised that all packages be wrapped firmly, and with the address plainly written. He cautioned mailers to include the street and numbers on the parcels. This, Fournier said, was necessary to help extra postmen unfamiliar with the routes, to hit the proper address. Fournier also said that the return address and name of the sender should be in plain sight on the package.

## CWA FUNDS GIVEN TO ABATEMENT DISTRICT

With discussion of methods of allocating and using funds under the special \$415,000 grant of the Civic Works Administration for mosquito abatement in California the principal item on the program, the 4th annual conference of Mosquito Abatement officials met Tuesday, December 12, at California Hall, at the University of California, Berkeley.

Papers on insect control and pest eradication were read. Roland Bendel, Washington township foreman, was present.

Promised from the Federal grant, Washington township will receive additional protection against the pests. As yet undetermined portion of this fund will be used in Alameda county to supply work for unemployed in clearing, enlarging and extending salt marsh drainage systems in the local area.

Several local projects, drawn up by H. F. Grey, engineer, await approval of the Civil Works Commission.

## HAYWARD THEATRE TO SHOW WELLS' "INVISIBLE MAN"

A gripping tale of youth today, "Guilty Parents," starring Jean Lacy, Donald Keith and Robert Frazer is playing at the Hayward Theatre tonight and tomorrow night. Modern in its scope and deep in its treatment, this is a picture all should see.

Saturday night shows the "Flying Devils," a stirring air story with Bruce Cabot and Ralph E. Blum. On the same program is the suave Adolphe Menjou and Benita Hume in "The Worst Woman in Paris."

Dashing George O'Brien comes again to the screen on Sunday and Monday nights in Zane Grey's "The Last Trail." On the same bill is the polished and adroit Herbert Marshall in "The Invisible Man," with Wm. Harrigan, Gloria Stuart and Claude Rains. The product of a brain with one of the keenest imaginations in the world today, "The Invisible Man" offers untold thrills. Don't miss it.

Christmas cards are cheaper this year. You should see the beauties at 950 B street, Hayward Drug Co., Hayward.—D14c

## Announcing

## NEW FORD V-8 for 1934

THE UNIVERSAL CAR

The New Ford V-8 for 1934 is now on display at the showrooms of Ford dealers. Surpassing even the great Ford of 1933 in economy, beauty and comfort, it is truly the car of this modern age—the culmination of thirty years Ford progress. It combines the proved performance of the V-8 cylinder engine with two important new features—Dual Carburetion and perfected Clear-vision Ventilation. See this car today and drive it at the first opportunity.

## OUTSTANDING IMPROVEMENTS IN THE NEW FORD V.8

**BETTER PERFORMANCE.** Greater power, new speed, quicker acceleration, smoother performance, more miles per gallon especially at higher speeds, and quicker starting in cold weather—all these result from the new dual carburetor and dual intake manifold. New water-line thermostats enable the engine to warm up more quickly and to maintain an efficient operating temperature. Added engine refinements reduce oil consumption, further improve operating economy and reduce maintenance costs.

**NEW VENTILATION SYSTEM** permits clear vision, prevents drafts and provides desired amount of fresh air in any weather. Individual control for front and rear side windows. When ventilation is desired the window glass is raised to the top. Then the handle is given an additional half-turn. This slides the glass back horizontally to form a narrow slot. Through

this slot air is drawn out by the forward motion of the car. This simple ventilation system maintains draft-free circulation, insures passenger comfort, prevents fogging windshield in cold or stormy weather. Both windshield and cowl ventilator can be opened to supply additional air needed for comfortable warm-weather driving.

**DISTINCTIVE NEW APPEARANCE** enhanced by the newly designed chromium-plated radiator shell and grille, new hood louvers, new hub caps. Interiors are attractive, with new tufted upholstery, new mouldings, new cove-type headlining, new instrument panel, new arm rests, new hardware. Swivel-type sun visors in De Luxe bodies prevent glare from front or side.

**FENDERS IN COLOR.** On De Luxe cars fenders are in color to harmonize with body colors—wheel colors optional. New enamel finish on

all bodies and fenders has greater wearing quality and more enduring luster.

**GREATER RIDING COMFORT** results from increased spring flexibility. The spring leaves are newly designed for quieter and easier action. Shock absorbers are improved. Seat cushions are deeper, with new, softer springs. New type, individual bucket seats provide increased comfort for front-seat passengers in the Tudor Sedan. Adding to comfort is the new driving ease of the 15-to-1 steering gear ratio.

## Why We Should Support The State Water Plan

BY CHRIS RUNCKEL

Columns can be written in favor of the VALLEY WATER PLAN. I am giving here just a few of the most essential reasons as they appear to me. They are boiled down to the fewest words possible.

First the State Water Plan or as it is called the VALLEY WATER PLAN, is a public ownership enterprise just as the Boulder dam is and will pay for itself. It is aimed to build a big dam on the upper Sacramento river, catch the great body of flood water that now goes to waste and use that water for irrigation and to generate electric power. It will build up the valleys, they in turn will make the cities larger, and the bigger and more prosperous the bay cities become the better it will be for this section that is so near to them.

Second, Some of the water from the north where it is plentiful will be used to help the San Joaquin valley. The better that valley is supplied with water the less it will object to using the water from the HETCH HETCHY and the Mokelumne in the bay region.

It is only right to pay them back if we can and here we can do it by simply voting for the VALLEY WATER PLAN. If there is no objection San Francisco can advance us a lot of release water from the Calaveras dam after next March. A favorable vote in the Alameda County Water District will help this plan. An adverse vote may be used against our District in the future.

Third, The big Kennett dam will develop a lot of electric power. It will be brought to the bay region. The East Bay cities can buy it by wholesale and retail it to the people just as the city of Alameda has been doing many years. There is hardly enough electric power in the Hetch Hetchy for San Francisco and all the power development in the Mokelumne is controlled by the private power companies. The only chance left in Northern California to bring about cheaper electric rates is by building the Kennett dam. If the ally plan goes through, the Alameda County Water District may have a chance to get cheaper electric rates. ADV.

## Coroner's Jury Is Held In Pleasanton Tuesday

At a coroner's jury held at Graham's mortuary Tuesday it was decided that the death of Ralph Whitmeyer, of Oakland, was accidental.

Whitmeyer was killed in an auto accident in the Dublin canyon on November 21. The jury was unable to fix any blame in the causes of the death. Those who testified were Max Stout, of Albany, and Pete Shape, of Oakland, who were asleep in the cab of the truck Whitmeyer was driving.

Coroner Grant D. Miller conducted the inquest.

Those who were on the jury were W. T. Davis, foreman; Fred Chadbourn, Henry Cook, Chris Eriksen and Clarence Messa.

### NEIGHBORS OF WOODCRAFT HAVE XMAS PARTY FRIDAY

Members of the Pleasanton Neighbors of Woodcraft enjoyed a Xmas party held at the Odd Fellows' hall last Friday afternoon. Each member brought a small gift and after the meeting gifts were exchanged. At the close of the social gathering refreshments were served. All reported having had an enjoyable time.

Mrs. C. Gibson and Henry A. Cook attended the annual election of officers of the 13th Assembly District Democratic League in Hayward Wednesday of this week.

## SURPRISE PARTY.

A group of the Girls' Missionary society gave a surprise party to Miss Lowrie on last Tuesday night in the Presbyterian church parlors.

The room was decorated in appropriate season colors. Miss Lowrie received a beautiful gift from the girls.

## ATTEND DANCE.

Following are the names of Newark people attending the dance in Centerville Saturday night: Helen Martin, Lillian, Florence and Thelma Freitas, James Dias, Donald Nunes, Mr. and Mrs. J. Mendenhall, Howard Robinson, John Wilson, Alfred Neves, John Lopez, Rutherford and Edward Kettman.

## CHRISTMAS PAGEANT.

A Christmas pageant was presented at the Presbyterian church Sunday evening. Those who took part were Florence May, Helene Seidler, Mary Carver, Beth Musick, Leona May, Dorothy Mae Treffer and Lucy Dewhurst. It was under the direction of Miss Lowrie.

Visitors from Irvington and Newark residents attended.

## CHRISTMAS DEVOTION.

Forty Hour Devotion services were held in the Catholic church on Sunday and Monday.

A procession around the church was held on Sunday morning with Litany and Benediction in the evening. Mass was said on Monday morning and evening services.

## NEW VENTURE.

Mr. and Mrs. George Butler are showing their faith in Newark by building a two-story business block on their property on Thornton avenue. Frank Faria has charge of the construction.

## SCHOOL TO CLOSE.

The Newark school will close Friday afternoon and remain closed until January 2nd.

Water was turned into the new water mains in Newark Monday for testing purposes. A splendid job has been done in laying the pipes.

The Girls' Missionary society has completed Bible character dolls, which were on display Sunday night. The doll will be sent to an orphanage at Christmas.

A very good crowd attended the Children of Mary dance in J. F. Silva's hall Tuesday.

Mrs. F. Laudenslager and daughter, Barbara, Mrs. J. E. Barben and daughters, and Mrs. Ward were shopping in Oakland Saturday.

In spite of threatening weather a large crowd of whist players met in the school auditorium Monday evening. A second card party will be held in the auditorium Thursday evening.

Miss Cynthia Herzog spent last week-end as a guest of Mrs. Emma Colkins.

Mrs. G. Dean celebrated her seventy-first birthday on December 8. She received some very lovely gifts.

## Newark Personals

E. McTigue and daughter, Cele, of Oakland, visited in Newark Sunday.

Mr. and Mrs. Williams and daughter, of Oakland, visited Mr. and Mrs. Dewhurst on Sunday.

Vesper services, given by the Ladies' Aid, will be held in the Presbyterian church auditorium at 4 o'clock Sunday afternoon.

Mr. and Mrs. W. Laudenslager and Thor Nordvick spent Sunday visiting with friends in Oakland.

Mr. and Mrs. G. May and family and Lucy Sawhurst were visitors in Oakland Sunday.

Mrs. J. F. Silva was confined to her bed during last week. A trained nurse was needed for her on Friday.

Mrs. G. Ward and children spent Thursday with friends in Oakland.

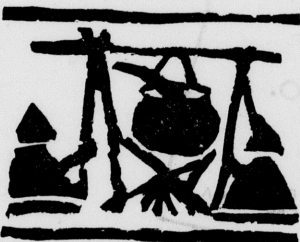

Mrs. Ada Francis is reported seriously ill at her home here.

Anthony Dutra is reported getting along as well as can be expected. He is still in St. Anthony's hospital, Oakland.

Mrs. W. Wyatt entertained her sister, of Fresno, for a few days during the past week.

Mr. and Mrs. L. G. Weldt and son, Laurence and Miss Joyce Ruckofsky spent Saturday shopping in Oakland.

Mrs. H. W. Fuller spent Friday in Oakland.

## CAMP FIRE NOTES

The Bluebird and Firefly groups will hold their regular annual Christmas party for mothers Sunday evening, December 17, at the home of Mrs. J. E. Townsend, between the hours of 7:30 and 9:30 p. m.

An appropriate Christmas program has been arranged by the girls, with the assistance of Mrs. Townsend, guardian of the girls, and Miss Ramona Mello. Games, refreshments and a surprise will follow the program.

Having worked for some time on its preparation, the Gemewance group will present a dramatization of the Christmas story, on Wednesday evening, December 20, at the home of the guardian, at 7:30 p. m. A one-act play will round out the program, after which there will be other numbers, games, dancing and refreshments.

The Tinega group will have no mother's party this year, planning instead to give a dance between Christmas and January 1.

With the intention of assisting some needy family with Christmas baskets this year, all of the Camp Fire Girls are bringing gifts, which are being collected centrally.

The Tinega group attended in a body the screen play "Little Women" Monday.

Members of the Gemewance group recently enjoyed a visit to the Chabot observatory, where they spent an instructive evening looking at the planets and other celestial bodies. Saturn was particularly beautiful.
